Re: Affiliation program with Indian Testing Board for CalibroZ Cyber Campus

---

CalibroZ Cyber Campus wants to avail of the Indian Testing Board's affiliation scheme for the ISTQB foundation level examination wherein

1. The Foundation & Advance level exams will be made available to us at a reduced examination fee. The current examination fee of Rs. 4000/- (Excluding ST) will be reduced to Rs. 3500/- (Excluding ST) (Applicable only on exams scheduled in CalibroZ Cyber Campus premises not in ITB conducted public exams.)
2. Indian Testing Board will conduct the examination in our campus, on a mutually agreed upon date, if there are more than fifteen (15) examinees who want to take this test.
3. Indian Testing Board will be free to put our company name on their website or other promotional literature.
4. We understand that the examination fee can change in future and in case of such an event this agreement will cease to exist and a new, mutually agreeable agreement will need to be signed.
5. Indian Testing Board reserves the right to drop the affiliation program after one month notice.

Regards,

Safeena A  
Managing Director
